SUBJECT INDEX TO VOLUME 77

The following Index is an alphabetical list of significant subjects presented in this volume.

A

Abdomen
"acute": diagnostic paracentesis for [Strickler et al.], 859
chyloperitoneum [McCarthy & Organ], 421
surgery: hemorrhage, intra-abdominal, following [Moore & Payne], 162

Acids: See also specific acids
effect of, by intragastric administration, on gastric acid secretion in man [Schmidt & Hallenbeck], 26
gastric: hypersecretion following vagotomy and pyloroplasty [Woodward], 289
gastric: relation of cholecystectomy to secretion of [Rothenberg], 239

Adrenal gland
excision, bilateral, for severe hypertension [Bowers & Knox], 699

Ammonium
potassium and: recipient set for removal of, from bank blood [Schechter et al.], 944

Amylan
and polyethylene tube: rupture of arterial prosthesis made of [Ohara & Nakana], 55

Anesthesia
local, and surgical training [Glover], 356

Anus
perianal rhabdomyosarcoma [Fisher & Gruhn], 230
vaginal, posterior: frequently missed abnormality [Donovan et al.], 980

Aorta
aneurysm of homograft with rupture into duodenum [MacKenzie et al.], 965
coarctation: anomalous innominate abd right subclavian arteries associated with [Partyka et al.], 81
coarctation of, with aneurysm: Dacron prosthesis for [Oeconomos], 181

Apparatus
new dual-purpose gastrostomy tube [Hurwitz], 79
vessel-suturing [Inokuchi], 954

Appendicitis
Tissue Committee (Beth Israel Hospital, Newark, N. J.) and problem of [Reich], 709

Appendix, vermiform
appendicitis, acute, following retention of barium in [Young], 1011

Armed Forces Institute of Pathology
role in American medicine [Silliphant], 153

Arteries
and brain, dog: reaction to latex [Golden & Hanbery], 974
bypass surgery: clinical comparison of homografts and braided nylon [Hohf et al.], 552
clinical use of elastic Dacron prosthesis [Szilagyi et al.], 538
coronary: surgery for congenital coronary artery arteriovenous fistulae [Fell et al.], 331
grafts: clinical application of flexible, knitted Dacron replacement [De Bakey et al.], 713
grafts: experimental angulation [Phelan et al.], 804
grafts: factors involved in success or failure of [Henderson et al.], 958

Arteries—continued
hemostatic ligature techniques in dogs [Weil & State], 253
heterografts, engine: failure after treatment by controlled peptic proteolysis [Newton et al.], 796
homografts, freeze-dried: details of processing and analysis of vessels used [Erskine], 947
innominate and right subclavian, anomalous, with coarctation of aorta [Partypka et al.], 81
major: results of grafting [Humphries], 992
occlusive disease: autoplastic cutis vascular graft [Wagner et al.], 652
occlusive disease: sympathectomy in treatment [de Takats], 655
splenic: aneurysm (Shands & Johnston], 970

Asystole, extended: See under Heart

B

Barium sulfate
acute appendicitis following retention in appendix [Young], 1011

Beth Israel Hospital (Newark, N. J.)
Tissue Committee and appendicitis problem [Reich], 709

Biliary tract: See Cholangiography; Cholangitis; Gallbladder
abnormalities: congenital absence of gallbladder and cystic duct [Pines & Grayzel], 171
bile ducts, intrahepatic: carcinoma of [Thorbjarnarson], 908
common duct: chloroform instillation [Torresyap], 903

Billroth operations: See Stomach, resection

Blood
cells, white: effect of thoracotomy of count [Allen et al.], 689
perfusion of pericardial space: prevention of fibrillation during hypothermiaby use of [Kaplan & Fisher], 319
perfusion, total body: studies during immediate postoperative period following [Matthews et al.], 313
proteins, serum: blood volume, hematocrit changes, and, in abnormal nutritional states [Pareira et al.], 191
serum: effect of operation on transaminase levels [Person & Judge], 892
serum: significance of sodium following operative trauma [Almond & Berry], 345
sodium: cation exchange resins in treatment of hyperkaliemia [Bernard et al.], 703
transfusion: recipient for removal of potassium and ammonium from bank blood during [Schechter et al.], 944
transfusion: response to, as guide in management of upper gastrointestinal hemorrhage [Elliott et al.], 386
volume, serum protein, and hematocrit changes in abnormal nutritional states [Pareira et al.], 191

Blood banks
recipient set for removal of potassium and ammonium from bank blood [Schechter et al.], 944

Blood pressure
high: adrenalectomy for [Bowers & Knox], 699
low: cortical oxygen tension during induced hypotension [Bloor et al.], 65

Blood vessels
major: injury to, during elective surgery [Lord et al.], 282
suturing apparatus, new type [Inokuchi], 954
vascular syndromes from dilatation of arteriovenous communications of sole of foot [Malan], 783

Brain
and arteries, dog: reaction to latex [Golden & Hanbery], 974
cortex: oxygen tension during induced hypotension [Bloor et al.], 65

Bronchi
main: rupture in closed chest injury [Lloyd et al.], 597

Burns
extensive: early excision of more than 25% of body surface [MacMillan], 369
thermal: evaluation of fine-particle skin autograft technique [Cox & Nichol], 870

C

Cancer: See also organ or region involved
primary multiple [Fried], 730

Carbon dioxide
diffusion of oxygen and, through Teflon membranes [Peirce], 938

Carcinoma: See also organ or region involved
bronchogenic: importance of cell type [Collins], 925

Cardioplegia: See under Heart, surgery

Cardiotomy
and simple hypothermia: isolated rupture of ventricular septum due to nonpenetrating trauma treated by [Peirce et al.], 87
total body perfusion for: studies during immediate postoperative period following [Matthews et al.], 313

Cecum
acute solitary ulcer of [Rabinovitch et al.], 87

Cellulitis
crepitant, acute nonclostridial [Culbertson], 462

Central Surgical Association
fifteenth annual meeting: papers read at, 303-627
fifteenth annual meeting: presidential address, 303

Chemodectoma: See Paraganglioma, nonchromaffin

Chest
abnormalities: pigeon breast (congenital chondrosternal prominence) [Brodkin], 261
injuries closed: rupture of main bronchi in [Lloyd et al.], 597

Chloroform
instillation of common bile duct: problems, and report of immediate untoward reaction [Torresyap], 903

Cholangiography
peroperative: significance in management of gallbladder disease [Ykelenstam], 684

Cholangitis
sclerosing, primary [Schwartz & Dale], 439

Cholecystectomy: See Gallbladder, excision

Cholecystitis: See under Gallbladder

Chyloperitoneum: See under Abdomen

Colon
sigmoid: atresia, congenital, of [Fox & Dyonch], 1008

Colon—continued
tumors, human: experimental prototype [Fortner], 627

Cystic duct
gallbladder and: congenital absence [Pines & Grayzel], 171

D

Dacron
clinical application of flexible knitted arterial substitute [De Bakey et al.], 713
prosthesis for coarctation of aorta with aneurysm [Oeconomos], 181

Diaphragm
hernia, hiatus, esophageal, with obstructive incarceration of pylorus, pancreas, and duodenum [Moore], 997
hernia: operative techniques for repair of [Hendrick], 763
hernia: polyvinyl sponge in repair of [Pesek & Keeley], 18
hernia: results of treatment [Hendrick], 774

Drainage
tube suction: technique and applicability [Schwartz & Glotzer], 168

Duodenum: See also Intestines
aneurysm of aortic homograft with rupture into [MacKenzie et al.], 965
leiomyoma [Sawyer et al.], 22
reticulum-cell sarcoma [Case et al.], 123
ulcers, chronic: changes in surgical treatment during past 50 years [Lewisohn], 61

E

EDITORIALS
postoperative mortality: major consideration in selection of operation for duodenal ulcer [Crile], 857

Education
medical: motion pictures in [Jenkins], 303

Electrolytes
depletion: villous papilloma of rectum with [Jordan & Erickson], 248

Embolism
pulmonary: cardiac reflexes in [Byrne & Cahill], 864

Enterocolitis: See under Intestines

Esophagogastrectomy
reconstruction of upper gastrointestinal tract with colon segments following [Neville & Clowes], 376, 816

Exophthalmos
relation to disorders of thyroid [Bartlett], 130

Extremities
lower: See also Foot; Patella
lower: "peripheral venous heart," [McLachlin & McLachlin], 568
upper: nerve injuries in [Larsen & Posch], 469

F

Fats
effect of intravenous emulsion on liver function [Gates et al.], 336

Fibrillation
prevention during hypothermia by pericardial space perfusion [Kaplan & Fisher], 319

Foot
sole: vascular syndromes from dilatation of arteriovenous communications [Malan], 783

G

Gallbladder
carcinoma, primary [Donhauser], 918
carcinoma, primary: clinical aspects [Fortner & Pack], 742
cholecystitis, acute: early operation for [Wall & Weiss], 433
and cystic duct: congenital absence [Pines & Grayzel], 171
disease: preoperative cholangiography in management [Ykelenstam], 684
excision: cholecystectomy and its relation to gastric acid secretion [Rothenberg], 239

Ganglioneuroma
of cervical autonomic nervous system: review of literature, discussion of distinctive features, diagnosis, and treatment [Smyth & Perna], 39

Gastrectomy: See Stomach, resection

Gastrointestinal tract: See also Intestines; Stomach
abnormalities: diverticula of jejunum with massive hemorrhage [Tidler & Miller], 185
abnormalities: jejunogastric intussusception, unusual complication of gastric surgery [Bradford & Boggs], 201
abnormalities: posterior vaginal anus [Donovan et al.], 980
carcinoma, rectosigmoid: granuloma caused by fishbone in anastomosis [Feigen & Shapiro], 1000
esophageal hiatus hernia with obstructive incarceration of pylorus, pancreas, and duodenum [Moore], 997
upper: emergency surgery for severe hemorrhage [Switzer & Nichol], 843
upper: reconstruction with colon segments esophagogastrectomy [Neville & Clowes], 376
upper: response to transfusion as guide in management of hemorrhage [Elliott et al.], 386

Gastrostomy
new dual-purpose tube for [Hurwitz], 79

Grafts and grafting
aortic: aneurysm of homograft with rupture into duodenum [MacKenzie et al.], 865
arterial: experimental artery graft angulation [Phelan et al.], 804
arterial: factors involved in success or failure [Henderson et al.], 958
arterial heterografts, equine: failure after treatment by controlled peptic proteolysis [Newton et al.], 796
arterial, major: results [Humphries], 992
autografts, fine-particle skin: evaluation of technique [Cox & Nichol], 870
clinical use of elastic Dacron prosthesis [Szilagyi et al.], 538
Dacron: clinical application of flexible knitted arterial substitute [De Bakey et al.], 713
Dacron prosthesis for coarctation of aorta with aneurysm [Oeconomos], 181
experimental and clinical use of prosthesis for replacement of trachea [Taber & Tomatis], 576
homografts, arterial, freeze-dried [Erskine], 947
homografts and braided nylon: clinical comparison in arterial bypass surgery [Hohf et al.], 552
reconstruction of upper gastrointestinal tract with colon segments after esophagogastrectomy [Neville & Clowes], 376, 816
rupture of arterial plastic prosthesis [Ohara & Nakana], 55
vascular: autoplastic cutis graft [Wagner et al.], 652

H

Hamartoma
myoepithelial, of ileum, causing intussusception [Schwartz & Radwin], 102

Heart
blood supply: surgery for congenital coronary artery arteriovenous fistulae [Fell et al.], 331

Heart—continued
cardiac by-pass: extended asystole in [Milnes et al.], 13
pericardium: cervicomediastinal cystic hygroma associated with chylopericardium [Stratton & Grant], 887
"peripheral venous": See under Extremities, lower
reflexes, cardiac, in pulmonary embolism [Byrne & Cahill], 864
surgery: method of obtaining cardioplegia with potassium, magnesium, neostigmine, extracorporeal circulation, and hypothermia [Sealy et al.], 33
tamponade, cardiac: aspiration treatment [Royster & Bosher], 117
valves, mitral: evaluation of surgical approaches to [Cross & Thoms], 875
valves: pathologic aspects of insufficiencies [Edwards], 634
ventricular septum: isolated rupture due to nonpenetrating trauma: case treated by open cardiotomy under simple hypothermia [Peirce et al.], 87

Hemorrhage
gastrointestinal, upper: emergency surgery for [Switzer & Nichol], 843
gastrointestinal, upper: response to transfusion as guide in management [Elliott et al.], 386
intra-abdominal, following abdominal surgery [Moore & Payne], 162
massive, with diverticula of jejunum [Tidler & Miller], 185
thyroid, massive, producing acute respiratory obstruction [Berens & Easeley], 165

Hernia
diaphragmatic: operative techniques for repair of various types of [Hendrick], 763
diaphragmatic: polyvinyl formalinized sponge in repair of [Pesek & Keeley], 18
diaphragmatic: results of treatment [Hendrick], 774
internal, strangulated, associated with trauma [Mock & Mock], 881

Hospitals
community: experience with bleeding peptic ulcer in [Chandler & Santos], 205

Hygroma
cystic, cervicomediastinal, associated with chylopericardium [Stratton & Grant], 887

Hyperkaliemia: See Blood, sodium

Hypertension
portal: new method for evaluating [Jackson et al.], 294

Hypophysis: See Pituitary gland

Hypotension: See Blood pressure, low

Hypothermia
and extracorporeal circulation: controlled cardioplegia with potassium, magnesium, neostigmine and [Sealy et al.], 33
fibrillation during: prevention by pericardial space perfusion [Kaplan & Fisher], 319
simple and open cardiotomy: isolated rupture of ventricular septum due to nonpenetrating trauma treated by [Peirce et al.], 87

I

Ileum
myoepithelial hamartoma of, causing intussusception [Schwartz & Radwin], 102

Intestines: See also Colon
anastomosis, terminolateral [Scanlon et al.], 898
enterocolitis, pseudomembranous [Markley et al.], 452
evacuation: management in surgical patients [Turell], 824
midgut: malrotation in infancy and childhood [Kiesewetter & Smith], 483

Intestines—continued
obstruction: strangulated internal hernia associated with trauma [Mock & Mock], 881
obstruction, strangulated: treatment of, experimental obstruction [Barnett & Stanley], 196

Ivalon sponge: See Sponge, polyvinyl formalinized

J

Jaundice
obstructive: pseudocyst formation in chronic pancreatitis as cause [Sidel et al.], 933

Jejunum
diverticula of with massive hemorrhage [Tidler & Miller], 185

Joints
disease, degenerative: patella in [Haliburton et al.], 677

K

Kidneys
failure, post-traumatic: surgical care [Rush et al.], 807

L

Latex
reaction of dog artery and brain to [Golden & Hanbery], 974

Leiomyoma
duodenal: report of case [Sawyer et al.], 22

Leukocytes: See Blood, cells, white

Liver
accessory lobe: infarction [Olinde & Boggs], 650
bile ducts, intrahepatic: carcinoma of [Thorbjarnarson], 908
biopsy: histological evaluation of techniques [Liechty], 780
function: effect of intravenous fat emulsion on [Gates et al.], 336
right lobe: infarction of entire lobe [Fitch & Denman], 235

Lungs
blood supply: anomalous venous drainage [Swan & Barr], 900
carcinoma, bronchogenic: importance of cell type [Collins], 925
metastatic lesions: experimental increase after amputation of limb with tumor, [Lewis & Cole], 621
resections for metastatic lesions [Ehrenhaft et al.], 606

Lymphedema
postmastectomy: treatment [Brush et al.], 561

M

Magnesium
potassium, and neostigmine: controlled cardioplegia with [Sealy et al.], 33

Mandible
prognathism: surgical-orthodontic method of correcting [Cohen & Lincoln], 215

Mastectomy
lymphedema following: treatment [Brush et al.], 561

Mediastinum
masses in: analysis of 72 surgical cases [Streete & Thomas], 105
paraganglioma, nonchromaffin (chemodectoma), of [Taylor & Evans], 242

Megarectum: See under Rectum

Metabolism
fluid and electrolyte: effect of pneumoencephalography on [Wise et al.], 113

Midgut: See under Intestines

Mitral valve: See under Heart

Motion pictures
in medical education [Jenkins], 303

N

Neomycin
and ristocetin for preoperative preparation of colon [Cohn & Longacre], 224

Neostigmine
potassium, magnesium and: controlled cardioplegia with [Sealy et al.], 33

Nerves
cranial: neurofibrosarcomas originating from [Economou et al.], 271
injuries of, in upper extremity [Larsen & Posch], 469

Nervous system
autonomic, cervical: ganglioneuroma of [Smyth & Perna], 39

Neurofibrosarcoma
of cranial nerve origin [Economou et al.], 271

Nutrition
abnormal: blood volume, serum protein, and hematocrit changes [Pareira et al.], 191

Nylon 6: See Amylan

O

Oxygen
and carbon dioxide: diffusion through Teflon membranes [Peirce], 938
tension, cortical: study during induced hypotension [Bloor et al.], 65

P

Pancreas
carcinoma: implant radiation therapy for [Harper & Lathrop], 613
esophageal hiatus hernia with obstructive incarceration of pylorus, duodenum and [Moore], 997
interstitial injection of trypsin and trypsinogen into: experimental study [Keith et al.], 416
pseudocyst: clinical and surgical aspects, [Waugh & Lynn], 47
tumors: peptic ulcer associated with [Oberhelman et al.], 402
tumors: rare primary somatic [Pack et al.], 1000

Pancreatitis
acute, fatal: gross autopsy findings [Enquist & Gliedman], 985
chronic: pseudocyst formation in, as cause of obstructive jaundice [Sidel et al.], 933

Paracentesis
diagnostic [Strickler et al.], 859

Paraganglioma
nonchromaffin (chemodectoma) of mediastinum [Taylor & Evans], 242

Patella
in degenerative joint disease [Haliburton & Sullivan], 677

"Peripheral venous heart": See under Extremities lower

Pigeon breast: See Chest, abnormalities

Pituitary gland
excision: hypophysectomy in man [Pearson et al.], 144

Pneumoencephalography
effect on fluid and electrolyte metabolism [Wise et al.], 113

Pneumonitis
staphylococcal: surgical complications in thorax [Watkins], 508

Portal vein
pressure, high: new method for evaluating [Jackson et al.], 294

Potassium
and ammonium: recipient set for removal from bank blood [Schechter et al.], 944
magnesium, and neostigmine: controlled cardioplegia with [Sealy et al.], 33

Prostate
carcinoma: new system of classification [Shelley et al.], 751

Proteins
serum: See Blood, proteins

Pyloroplasty
vagotomy and: hyperfunction of gastric antrum following [Woodward], 289

R

Radiation
gamma: implant therapy for carcinoma of pancreas [Harper & Lathrop], 613

Rectum
abdominoperineal resection: synchronous (2-team) technique [Schmitz et al.], 492
megarectum: prolapse [Daron & King], 725
papilloma, villous, with severe fluid and electrolyte depletion [Jordan & Erickson], 248

Resins
cation exchange: in treatment of hyperkaliemia [Bernard et al.], 703

Respiratory tract
obstruction, acute, due to massive thyroid hemorrhage [Berens & Easeley], 165

Rhabdomyosarcoma: See under Anus

Ristocetin
and ristocetin-neomycin for preoperative preparation of colon [Cohn & Longacre], 224

S

Salivary glands
fatty infiltration (Virchow's metamorphosis) [Turner], 110

Sarcoma
reticulum-cell, of duodenum [Case et al.], 123

SCIENTIFIC EXHIBITS: See also SURGERY ILLUSTRATED
hypophysectomy in man [Pearson et al.], 144
new method for evaluating portal hypertension [Jackson et al.], 294
relationship of exophthalmos to disorders of thyroid [Bartlett], 130

Shock
septic: nature and treatment [Altemeier & Cole], 498

Sodium
serum: significance of fall following operative trauma [Almond & Berry], 345

Spleen
artery, splenic: aneurysm [Shands & Johnston], 970
cyst, epidermoid [Lee & Anspiger], 10
tissue pressure: new method for evaluating portal hypertension [Jackson et al.], 294

Sponge
polyvinyl formalinized (Ivalon), in repair of diaphragmatic hernia [Pesek & Keeley], 18

Spontin: See Ristocetin

Stomach: See also Gastrointestinal tract
antrum: hyperfunction following vagotomy and pyloroplasty [Woodward], 289
resection: estimation of proportion removed in partial gastrectomy [Heinrich et al.], 396
resection: favorable postgastrectomy results in Billroth II patients with small stoma [McCaughan & Bowers], 837
surgery: jejunogastric intussusception, unusual complication of [Bradford & Boggs], 201
surgery: transanastomotic tube feeding following [Pareira & Heeb], 851

Surgery
abdominal: intra-abdominal hemorrhage following [Moore & Payne], 162
arterial bypass: clinical comparison of homografts and braided nylon [Hohf et al.], 552
cardiac: for congenital coronary artery arteriovenous fistulae [Fell et al.], 331
cardiac: evaluation of surgical approaches to mitral valve [Cross & Thoms], 875
effect of operation on serum transaminase [Person & Judge], 892
elective: major blood vessel injury during [Lord et al.], 282
gastric: jejunogastric intussusception, unusual complication of [Bradford & Boggs], 201
intracranial: reaction of dog artery and brain to latex: laboratory studies related to surgery of intracranial aneurysms [Golden & Hanbery], 974
management of mass casualties [Ziperman], 1
training: local anesthesia and [Glover], 356

SURGERY ILLUSTRATED: See also SCIENTIFIC EXHIBITS
clinical application of new flexible knitted Dacron arterial substitute [De Bakey et al.], 713
factors involved in success or failure of arterial grafts [Henderson et al.], 958
management of bowel evacuation in surgical patients [Turell], 824
posterior vaginal anus: frequently missed abnormality [Donovan et al.], 980
reconstruction of esophagus and stomach with segments of colon [Neville & Clowes], 816
results of major arterial grafting [Humphries], 992

Sympathectomy
in treatment of occlusive arterial disease [de Takats], 655

T

Tamponade, cardiac: See under Heart

Teflon
membranes: diffusion of oxygen and carbon dioxide through [Peirce], 938

Thorax
congenital lesions in infancy demanding early surgical treatment [Egan et al.], 584
surgical complications in, of staphylococcal pneumonitis [Watkins], 508
thoracotomy: effect on leukocyte count [Allen et al.], 689

Thyroid gland
adenoma: massive hemorrhage into, producing acute respiratory obstruction [Berens & Easeley], 165
cancer: results of surgery for [Jude et al.], 757
disorders: relationship of exophthalmos to [Bartlett], 130

Tissue Committee (Beth Israel Hospital, Newark, N. J.)
and appendicitis problem [Reich], 709

Trachea
replacement: experimental and clinical use of prosthesis [Taber & Tomatis], 576

Transaminase
serum: effect of operation on levels of [Person & Judge], 892

Trypsin
and trypsinogen: experimental study of interstitial injection into pancreas [Keith et al.], 416

U

Ulcer
acute solitary, of cecum [Rabinovitch et al.], 87
duodenal, chronic: changes in surgical treatment during past 50 years [Lewisohn], 61
duodenal: postoperative mortality, major consideration in selection of operation for [Crile], 857
peptic, associated with tumors of pancreas [Oberhelman et al.], 402

Ulcer—continued
peptic, bleeding: experience with, in community hospital [Chandler & Santos], 205
peptic, in childhood [Craver & Glenn], 833
peptic: treatment of patients with acute perforation [Barrow et al.], 256

Urography
contrast media for: comparative study [Hart et al.], 75

V

Vagotomy
and pyloroplasty: hyperfunction of gastric antrum following [Woodward], 289

Virchow's metamorphosis: See Salivary glands, fatty infiltration

W

Warfare, thermonuclear
mass casualties: surgical management [Ziperman], 1

X

Xiphosternopexy
pigeon breast treated by [Brodkin], 261
